TPE pipe joint seals for non-pressure waste water - material

PRODUCT SPECIFICATION

The products as specified in the table below complies to the requirements laid down in BRL 2020-1 “TPE pipe joint seals for non-pressure waste water - MATERIAL” and are part of this certificate

TECHNICAL SPECIFICATION OF THE PRODUCT

Type TPE material	Nominal hardness in IRHD
ENFLEX VU42050 AD2900KWA	60
ENFLEX VU42050 AT2900KWA	60
ENFLEX VU42050 AD25E9KWA	60

MARKING

The TPE material must carry the following indications in a clear and durable manner:

- KOMO logo (or KOMO[®] word mark) with certificate number.
- name of manufacturer or the deposited trade mark;
- the year of manufacturing and preferably the quarter;
- the type of TPE in a letter code according to the nomenclature used in ISO 18064; e.g. TPE-V;

The material shall be marked per package.

RECOMMENDATIONS FOR CUSTOMERS

Check at the time of delivery whether:

- the supplier has delivered in accordance with the agreement;
- the mark and the marking method are correct;
- the products show no visible defects as a result of transport etc.

If you should reject a product on the basis of the above, please contact:

- Ravago Petrokimya Üretim A.Ş.
- and, if necessary,
- Kiwa Nederland B.V.

Consult the supplier’s processing guidelines for the proper storage and transport methods.

CONSTRUCTION PRODUCTS REGULATIONS

If a construction product is subject to a European harmonised technical specification, the statements in this KOMO product certificate must not be used as a replacement for the CE marking on such construction product and/or for the associated obligatory Declaration of Performance.
